ABOUT THE INTERNATIONAL COLLEGE:

The International College has four departments, including Department of International Business Administration, Department of International Finance, Department of International Hospitality and Tourism, and Department of Entertainment Management. The International College curriculum is designed around five core skills: thinking skills, social skills, research skills, self-management skills, and communication skills. Our key mission is to equip students with task-based rather than fact-based experience which means students have opportunities to work independently or as a team to explore different topics, and present their ideas independently and work collaboratively with various goals of articulating critical responses. Our highly qualified faculty members of International College came from more than eighteen countries with years of expertise and industrial experiences. The College currently has 690 students while about 30% are international coming from 28 countries. English is the official language in International College so students are living and learning in an English speaking environment. Taiwan is a vibrant, friendly, and exciting country and the city of Kaohsiung is very livable, almost sunny all year round. I-Shou University's International College is a place where students could broaden their cultural and intellectual horizons while at the same time developing interpersonal skills such as creativity and critical thinking in a stimulating

international academic environment.

ABOUT THE DEPARTMENT OF INTERNATIONAL BUSINESS ADMINISTRATION (IBA):

The Department of International Business Administration is established to develop business managers with strong international competitiveness. The Department is staffed with professional instructors from home and abroad. This AACSB accredited undergraduate program places great emphasis on professional knowledge, communication skills and global mindset, which are all very important to international business management. Its curriculum is designed in such a way that in the first two years, students take basic modules to lay a solid foundation for their primary managerial knowledge, language proficiency, and computer skills while in the last two years, students take advanced elective modules based on their interests. Students are required to complete basic modules in ISU; however, they may choose to complete elective modules in universities abroad engaged in student exchange partnership with ISU.
