South Asian Journal of Human Resources Management

South Asian Journal of Human Resources Management (SAJHRM) is a peer-reviewed scholarly outlet for publications on HRM in and out of South Asia. It includes countries that are members of the South Asian Association for Regional Cooperation (SAARC), namely, Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, and Sri Lanka. In terms of the discipline focus, all articles broadly focusing on the theory and practice of managing human resources for the benefit of individuals, firms and community at large will be acceptable.

A distinguishing feature of the journal is its focus on "HR in Practice". Apart from theory, it will pay significant attention on how HRM is practiced in and out of South Asia. The journal features conceptual and empirical research papers, research notes, interviews, case studies and book reviews. In short, to be considered for publication, a manuscript should broadly focus on managing people and contextualised within one or more South Asian countries at the firm, regional, national and international levels.
