

Introduction

Algeria is a country located in Northern Africa bordering the Mediterranean Sea. It is considered the gateway between Africa and Europe. Neighboring countries include Libya,

Mali, Mauritania, Morocco, Niger, Tunisia, and Western Sahara. Algeria is mostly desert with a few mountains and a narrow coastal plain. The government system is a republic; the chief of state and head of

government is the president. Algeria has a mixed economic system which includes a variety of private freedom, combined with centralized economic planning, and

government regulation. Algeria is a member of the League of Arab States (Arab League).

Risk Assessment (Provided by Coface)

Country rating: C - A very uncertain political and economic outlook and a business environment with many troublesome weaknesses can have a significant impact on corporate payment behavior. Corporate default probability is high. **Business Climate rating: C** - The business environment is difficult. Corporate financial information is often unavailable and when available often unreliable. Debt collection is unpredictable. The institutional framework has many troublesome weaknesses. Intercompany transactions run major risks in the difficult environments rated C.

Strengths

- Large oil and gas reserves; significant potential for shale gas development
- Potential in agriculture, renewable energy and tourism
- Favorable geographical position, close to the European market
- Low external debt (1.6% of GDP by end 2022)
 Weaknesses
- High dependence on hydrocarbon revenues (90% of exports and 60% of budget revenues)
- Years of under-investment in oil and gas, which is weighing on the country's capacity to increase production in the short term
- High youth unemployment (29% by 2022), low opportunities for graduates
- · Excessive weight of an inefficient public sector
- Public deficit financed by drawing on reserves and monetisation by the central bank
- · Poor infrastructure
- Bureaucratic red tape, corruption, financial sector weaknesses and uncertain business environment
- Disruptive parallel Algerian dinar market
