Risk Assessment (Provided by Coface)

Country rating: B - Political and economic uncertainties and an occasionally difficult business environment can affect corporate payment behavior. Corporate default probability is appreciable.

Business Climate rating: B - The business environment is mediocre. The availability and the reliability of corporate financial information vary widely. Debt collection can sometimes be difficult. The institutional framework has a few troublesome weaknesses. Intercompany transactions run appreciable risks in the unstable, largely inefficient environments rated B.

Strengths

- Significant mining resources (gold, copper, molybdenum, zinc)
- Relatively flexible dram exchange rate
- Member of the Eurasian Economic Union (EAEU) and partnership agreement with the European Union (EU)
- Will to reform in terms of corruption, justice, and competition

Weaknesses

- Dependence on minerals (33% of exports and 4% of GDP), despite efforts to diversify
- Heavy dependence on Russia (security, trade, expatriate remittances and FDI)
- Highly dollarized banking system, public debt mainly denominated in foreign currencies
- High levels of poverty and unemployment (25% and 8% of the population)
- Tensions with Azerbaijan over the Nagorno-Karabakh enclave and the Zangezur corridor
