

## Introduction

Australia is a country in Oceania bordering the Indian Ocean and the Southern Pacific Ocean. Australia is comprised of mainland Australia, the island of Tasmania, and several small islands in the Indian and Pacific Oceans. The terrain is mostly low plateau with deserts. The government system is a federal parliamentary democracy and a commonwealth realm. The chief of state is the queen and the head of government is the prime minister. Australia has a mixed economic system in which the economy includes a variety of private freedom, combined with centralized economic planning and government regulation. Australia is a member of Asian Pacific Economic Cooperation (APEC) and the Trans-Pacific Partnership (TPP).

Open Budget Index	8 / 114

## Risk Assessment (Provided by Coface)

**Country rating: A2** - The political and economic situation is good. A basically stable and efficient business environment nonetheless leaves room for improvement. Corporate default probability is low on average.

**Business Climate rating: A1** - The business environment is very good. Corporate financial information is available and reliable. Debt collection is efficient. Institutional quality is very good. Intercompany transactions run smoothly in environments rated A1.

### Strengths

- Geographic proximity to dynamic Asian economies, member of RCEP
- Attractive quality of life, with immigration contributing to population growth
- Rich endowment of mineral resources
- Moderate levels of public debt
- High tourism potential

### Weaknesses

- Exposed to commodity price volatility (specifically iron ore, coal, and LNG)
- Economy remains dependent on Chinese demand
- Substantial household debt (183% of gross disposable income)
- Shortage of infrastructure due to the country's vast territory
- Vulnerable to climate change (bushfires and droughts)
- Disparity between federated states
