

Introduction

Bangladesh is a country in Southern Asia and is located on the Bay of Bengal bordered by India on all sides except for a small border with Burma. Bangladesh has flat plains, and most of the country is situated on deltas of large rivers flowing from the Himalayas. The government system is parliamentary democracy; the chief of state is the president, and the head of government is the prime minister. Bangladesh has a traditional economic system in which the allocation of available resources is made on the basis of inheritance and primitive methods. Bangladesh is a member of the Asia-Pacific Trade Agreement (APTA) and the South Asian Association for Regional Cooperation (SAARC).

Risk Assessment (Provided by Coface)

Country rating: C - A very uncertain political and economic outlook and a business environment with many troublesome weaknesses can have a significant impact on corporate payment behavior. Corporate default probability is high.

Business Climate rating: C - The business environment is difficult. Corporate financial information is often unavailable and when available often unreliable. Debt collection is unpredictable. The institutional framework has many troublesome weaknesses. Intercompany transactions run major risks in the difficult environments rated C.

Strengths

- Competitive clothing sector, thanks to relatively cheap labor
- Substantial remittances from expatriate workers, living mainly in the Gulf States
- International aid helping to cover financing needs
- Moderate level of national debt
- Favorable demographics: 45% of Bangladeshis are less than 15 years old

Weaknesses

- Economy vulnerable to changes in global competition in the textile sector; to developments in the GCC States
- Very low per capita income
- Recurring and growing political and social tensions
- Business climate shortcomings, especially regarding infrastructure
- Recurring natural disasters (cyclones, severe floods) resulting in significant damage; loss of harvests
