

Introduction

Burma, also known as Myanmar, is a country in Southeast Asia bordered by the Bay of Bengal and the Andaman Sea. Neighboring countries include Bangladesh, China, India, Laos, and Thailand. Burma has a strategic location near major Indian Ocean shipping lanes. The government system is a parliamentary republic; the president is both chief of state and the head of government. Burma has a complex economic system combining both traditional and command economic systems. Many citizens engage in subsistence agriculture; however, the central government has a strong influence. Burma is a member of the Association of Southeast Asian Nations (ASEAN).

Risk Assessment (Provided by Coface)

Country rating: D - A high-risk political and economic situation and an often very difficult business environment can have a very significant impact on corporate payment behavior. Corporate default probability is very high.

Business Climate rating: D - The business environment is very difficult. Corporate financial information is rarely available and when available usually unreliable. The legal system makes debt collection very unpredictable. The institutional framework has very serious weaknesses. Intercompany transactions can thus be very difficult to manage in the highly risky environments rated D.

Strengths

- Ongoing democratic transition and opening of the economy
