Germany

Introduction

Germany is a country located in the heart of Western Europe. It is bordered by Denmark, Poland, Czech Republic, Austria, Switzerland, France, Luxembourg, Belgium, Netherlands, the North Sea, and the Baltic Sea. Germany has a strategic location on North European Plain and along the entrance to the Baltic Sea. The government system is a federal republic; the chief of state is the president, and the head of government is the chancellor. Germany has a mixed economic system which includes a variety of private freedom, combined with centralized economic planning and government regulation. Germany is a member of the European Union (EU).

Risk Assessment (Provided by Coface)

Country rating: A1 - The political and economic situation is very good. A quality business environment has a positive influence on corporate payment behavior. Corporate default probability is very low on average.

Business Climate rating: A1 - The business environment is very good. Corporate financial information is available and reliable. Debt collection is efficient. Institutional quality is very good. Intercompany transactions run smoothly in environments rated A1.

Strengths
- Strong industrial base (more than 30% of GDP)
- Low structural unemployment; well-developed apprenticeship system
- Importance of family-owned exporting SMEs (Mittelstand)
- Integration of Central and Eastern Europe in the production process
- Importance of the ports of Hamburg, Bremerhaven and Kiel
- Institutional system promoting representativeness

Weaknesses
- Declining working population from 2020 onwards, despite immigration
- Early childhood care and post-primary school activities are still insufficient
- Low bank profitability
- Prominence of the automotive and mechanical industries, particularly in exports (48% of GDP)
- Eastern Länder still lagging behind, although the gap is closing
- Capacity constraints, insufficient investment and venture capital limit productivity gains
