

## Introduction

Ireland is an island nation located in Western Europe northwest of the United Kingdom. It has a strategic location on major air and sea routes between North America and northern Europe. The government system is a republic; parliamentary democracy. The chief of state is the president and the head of government is the Taoiseach (prime minister). Ireland has a mixed economic system which includes a variety of private freedom, combined with centralized economic planning and government regulation. Ireland is a member of the European Union (EU).

Networked Readiness Index (NRI)	25 / 139

## Risk Assessment (Provided by Coface)

**Country rating: A4** - A somewhat shaky political and economic outlook and a relatively volatile business environment can affect corporate payment behavior. Corporate default probability is still acceptable on average.

**Business Climate rating: A1** - The business environment is very good. Corporate financial information is available and reliable. Debt collection is efficient. Institutional quality is very good. Intercompany transactions run smoothly in environments rated A1.

### Strengths

- Flexible labor and goods markets
- Favorable business environment, attractive taxation
- Presence of multinational companies, particularly from the United States, which account for 22% of employment and 63% of value added in the non-financial business sector
- Presence through multinationals in sectors with high value added, including pharmaceuticals, IT and medical equipment

### Weaknesses

- Dependent on the economic situation and tax regimes of the United States and Europe, particularly the United Kingdom
- Vulnerable to changes in the strategies of foreign companies, particularly following the signing of the global tax agreement
- Exposed to tensions between the UK and the EU
- Banking sector still vulnerable to shocks
