

Introduction

Kenya is a country in Eastern Africa bordering the Indian Ocean and Lake Victoria. Neighboring countries include Ethiopia, Somalia, South Sudan, Tanzania, and Uganda.

Unique Kenyan physiography, from highlands to glaciers, supports abundant and varied wildlife of scientific and economic value. The government system is a republic; the chief of state and head

of government is the president. Kenya has a mixed economic system which includes a variety of private freedom, combined with centralized economic planning and government regulation. Kenya is a member of the Common Market for Eastern and Southern Africa (COMESA) and the East African Community (EAC).

Risk Assessment (Provided by Coface)

Country rating: A4 - A somewhat shaky political and economic outlook and a relatively volatile business environment can affect corporate payment behavior. Corporate default probability is still acceptable on average.

Business Climate rating: B - The business environment is mediocre. The availability and the reliability of corporate financial information vary widely. Debt collection can sometimes be difficult. The institutional framework has a few troublesome weaknesses. Intercompany transactions run appreciable risks in the unstable, largely inefficient environments rated B.

Strengths

- East Africa's leading economy
- Pivotal role in the East African Community, the leading African common market
- Diversified agriculture and expanding services sector (telecommunications and financial services)
- Improved business climate
- Dynamic demographic and emerging middle class

Weaknesses

- Country dependent on hydroelectric power and rain-fed agriculture
- Persistent bottlenecks and skills shortages
- Terrorist threat
- Improving governance, but persistent corruption
- Ethnic divisions
