Risk Assessment (Provided by Coface)

Country rating: A4 - A somewhat shaky political and economic outlook and a relatively volatile business environment can affect corporate payment behavior. Corporate default probability is still acceptable on average.

Business Climate rating: A3 - The business environment is relatively good. Although not always available, corporate financial information is usually reliable. Debt collection and the institutional framework may have some shortcomings. Intercompany transactions may run into occasional difficulties in the otherwise secure environments rated A3.

Strengths

- World's 3rd-largest natural gas reserves, sizeable oil reserves
- Low public debt, strong public accounts
- A richly-endowed sovereign wealth fund: Qatar Investment Authority (QIA)
- Social and domestic political stability
- High per-capita income
- Business friendly environment
- Predictable monetary policy

Weaknesses

- Small economy, mostly dependent on hydrocarbons for growth, fiscal and external balances
- Exposure to volatility in energy prices
