

Introduction

Syria is a country in the Middle East bordering the Mediterranean Sea. Neighboring countries include Iraq, Israel, Jordan, Lebanon, and Turkey. The geography of Syria is primarily semi-arid and desert plateau with a double mountain belt in the west. The government system is a republic under authoritarian regime; the chief of state is the president, and the head of government is the prime minister. Syria has a mixed economy in which there is limited private freedom but the economy remains highly controlled by the government. Syria is a member of the League of Arab States (Arab League).

Risk Assessment (Provided by Coface)

Country rating: E - The highest-risk political and economic situation and the most difficult business environment. Corporate default is likely.

Business Climate rating: E - The highest possible risk in terms of business climate. Due to a lack of available financial information and an unpredictable legal system, doing business in this country is extremely difficult.

Strengths

- Strategic geographical location
- Energy transit country
- Oil potential

Weaknesses

- Civil war since 2011: hundreds of thousands of deaths, millions of internally and externally displaced people, and much of the country's infrastructure destroyed
- Divided territory, under the sway of different groups
- Official oil production has been sharply reduced
