

Introduction

Taiwan, a territory of the Republic of China, is an island in East Asia in the Western Pacific Ocean. It is surrounded by the East China Sea, Philippine Sea, and the Taiwan Strait.

Proximate countries include mainland China, the islands of Japan, and the Philippines. The geography of Taiwan is rugged mountains in the east. The government system is a multiparty

democracy; the chief of state is the president, and the head of government is the premier. Taiwan has a free market economy in which the prices of goods and services are determined in a free price system, and there is little government involvement. Taiwan is a member of the Asia-Pacific Economic Cooperation (APEC).

Risk Assessment (Provided by Coface)

Country rating: A2 - The political and economic situation is good. A basically stable and efficient business environment nonetheless leaves room for improvement. Corporate default probability is low on average.

Business Climate rating: A1 - The business environment is very good. Corporate financial information is available and reliable. Debt collection is efficient. Institutional quality is very good. Intercompany transactions run smoothly in environments rated A1.

Strengths

- Robust external financial position
- Support for R&D through public expenditure
- 4th largest electronics producer in the world
- Diversified FDI portfolio in Asia

Weaknesses

- Strained cross-straits relations
- Concentration in technology sector and Chinese demand
- Stagnant wage growth, low labor productivity and brain drain
- Lack of competitiveness in the services sector
- Infrastructure gap compared to other advanced Asian economies
- Ageing population
- Diplomatic isolation

U.S. Embassy

The U.S. maintains unofficial ties with the people in Taiwan through the American Institute in Taiwan (AIT), a private nonprofit corporation, which performs citizen and consular services. Visit www.ait.org.tw/en/ for more information.
