

Introduction

Thailand is a country located in Southeastern Asia bordering the Andaman Sea and the Gulf of Thailand. Neighboring countries include Burma, Cambodia, Laos, and Malaysia.

The geography consists of a mountain range in the west and a southern isthmus that joins the landmass with Malaysia.

The government system is a constitutional monarchy; the chief of state is the king, and the head of government is the prime minister. Thailand has a mixed economic system in which there is a variety of private freedom, combined with centralized economic planning and government regulation. Thailand is a member of the Asia-Pacific Economic Cooperation (APEC) and the Association of Southeast Asian Nations (ASEAN).

Risk Assessment (Provided by Coface)

Country rating: A4 - A somewhat shaky political and economic outlook and a relatively volatile business environment can affect corporate payment behavior. Corporate default probability is still acceptable on average.

Business Climate rating: A3 - The business environment is relatively good. Although not always available, corporate financial information is usually reliable. Debt collection and the institutional framework may have some shortcomings. Intercompany transactions may run into occasional difficulties in the otherwise secure environments rated A3.

Strengths

- Regional hub, long coastlines, proximity to fast-growing Asian markets
- Richly endowed in agricultural resources (natural rubber, rice and sugar cane)
- Diversified exports: tourism, machinery, vehicles and automotive parts, electronic components, agri-food products, fish and shellfish
- Well capitalised commercial banks with high loan-loss provisions

Weaknesses

- Inadequate infrastructure
- Ageing population and shortage of skilled labour
- Uncertain political situation; antagonism between rural and urban populations
- High corruption perception and large informal economy
- High household debt levels
