

Introduction

Uruguay is a country located in South America bordering the Southern Atlantic Ocean. Neighboring countries include Argentina and Brazil. The geography of Uruguay includes mostly rolling grassland and a dense network of rivers. The government system is a constitutional republic; the chief of state and head of government is the president. Uruguay has a mixed economic system in which there is a variety of private freedom, combined with centralized economic planning and government regulation. Uruguay is a member of the Common Market of the South (Mercosur).

Risk Assessment (Provided by Coface)

Country rating: A4 - A somewhat shaky political and economic outlook and a relatively volatile business environment can affect corporate payment behavior. Corporate default probability is still acceptable on average.

Business Climate rating: A3 - The business environment is relatively good. Although not always available, corporate financial information is usually reliable. Debt collection and the institutional framework may have some shortcomings. Intercompany transactions may run into occasional difficulties in the otherwise secure environments rated A3.

Strengths

- Abundant agricultural and forestry resources
- Social homogeneity and political stability
- Active reform policy (business environment, public finance, social security coverage)
- Substantial foreign direct investment
- Member of Mercosur, privileged trade relations with the EU and the United States

Weaknesses

- Economy vulnerable to commodity prices (soya, meat, dairy products)
- Dependence on the Argentine, Brazilian and Chinese economy
- Inadequate transport infrastructure
- Reduced competitiveness due to high inflation
- Public debt (mitigated by a longer maturity and less and less in dollars)
