Introduction
Vietnam is a country located in Southeastern Asia bordering the Gulf of Thailand, the Gulf of Tonkin, and the South China Sea. Neighboring countries include Cambodia, China, and Laos. The geography consists of hills and densely forested mountains in the northwest. The government system is a communist state; the chief of state is the president, and the head of government is the prime minister. Vietnam has a mixed economy in which there is limited private freedom, but the economy remains highly controlled by the government. Vietnam is a member of the Asia-Pacific Economic Cooperation (APEC), the Association of Southeast Asian Nations (ASEAN), and the Trans-Pacific Partnership (TPP).

Location: South-Eastern Asia
Capital City: Hanoi (+7 GMT)

*Although Manufacturing is included in the Industry figures, it is also separately reported because it plays a critical role in economy.

Risk Assessment (Provided by Coface)
Country rating: B - Political and economic uncertainties and an occasionally difficult business environment can affect corporate payment behavior. Corporate default probability is appreciable.

Business Climate rating: B - The business environment is mediocre. The availability and the reliability of corporate financial information vary widely. Debt collection can sometimes be difficult. The institutional framework has a few troublesome weaknesses. Intercompany transactions run appreciable risks in the unstable, largely inefficient environments rated B.

Strengths
- Quality and inexpensive labor
- Strong agricultural potential and natural resources
- Development strategy based on openness, upscaling and diversification of the economy
- Economy not affected by Chinese slowdown

Weaknesses
- Shortcomings in the business climate
- Lack of infrastructure
- Reform of the incomplete public sector
- Increased inequality
- Fragile banking system
- Publicly inefficient and heavily indebted enterprises
